

# Lighting the Path for 125 Years

In 1885, a group of twenty six compassionate women formed the Women's Relief Corp. Their volunteer efforts and generosity improved the quality of life for Civil War widows and orphans and began a tradition of caring and service that continues to this day.

Through the years, Lampion Center (formerly Family & Children's Service), with the strong support of talented and committed individuals from the community, has expanded to meet both urgent and emerging needs of children and families.

In 2009, we provided 6,000 hours of counseling and 2,816 hours of school based social work. We trained 601 adults to be Stewards of Children, and 711 divorcing parents how to help their children cope and thrive. Out of all our clients 56% have family incomes less than \$10,000 a year and 39% of those who come to us for help are children.

Thanks to you, we have been responding to needs, providing hope, and improving lives for 125 years! Your generosity and your partnership are invaluable. **Thank You!**
